

SF420

Access Control Fingerprint reader (MF)

Overview:

MA300, one of the innovative biometric fingerprint readers for access control applications. Offering unparalleled performances by adopting an advanced ZK fingerprint algorithm for reliability, precision and excellent matching speed. It is metallic casing and IP65 rated which enables it to be resistant from water, dust and other outside damages.

MA300 offers the flexibility to be installed standalone or with any third party panels that support 26-bit wiegand. User can be enrolled by the administrator card when the device works in standalone mode. TCP/IP and RS485 are available, so that the device can be connected easily and conveniently.

Integrated with ACT Enterprise SW Version 2.10 or later. The MA300 is a perfect solution for biometrics working with ACT for internal and external mounting scenarios. Enrollment is simple and easy with the use of the SLK20R reader.
