

XT-18MZ

Multizone Walk Through Metal Detector

XT-18MZ Multizone Walk Through Metal Detector with high and reliable detection sensitivity which is able to provide accurate detection on conventional weapons like pistol, gun, knife, etc. XT-18MZ has an excellent anti-interference to filter the unnecessary noise in order to carry out the screening. The product is special designed for law enforcement agencies, border security, custom checkpoints, courts, prisons, embassies, factories, schools, hospitals, game events, stadium and many more.

Key Features

- Multi-zone detection: Multi-zone designed with 18 detection zones. Multiple detection in different positions of the human body and prompt audible and visible alarms. Detector will accurately light up LED alarm bar at the side panel to indicate the position of the detected objects.
- Performance: Up to 1 RMB coin-sized metal can be detected, effectively verifying potential threat items.
- Ultra-low detection height: Metal objects more than 3cm above the ground can be accurately detected.
- Power-on self-diagnosis function: Self-test the system when power on and display the diagnosis test results.
- 7-inch colour LCD display: High visibility panel and user-friendly menu.
- Modular components with plug and play design.

TECHNICAL INFORMATION

Detection	1 RMB Coin
Detection Zones	18 zones
Access	Remote Control
Power	230V 50Hz
Consumption	<25W
Temperature	-20°C to 55°C
Humidity	0% to 95% Non-condensing
Protection	IP 41
Display	7" LCD
Weight	<75kg
Dimension	2200mm (H) x 840mm (W) x 600mm (D)
Passage	2000mm (H) x 710mm (W) x 500mm (D)
